North America's SuperCorridor Coalition, Inc.

## NASCO Mexico Committee

### Comité NASCO México

*Spearheading NASCO's efforts to enhance transportation and logistics in Mexico*

Years of cooperation by North America's SuperCorridor Coalition, Inc. with public and private sector leaders in Mexico resulted in the 2006 founding of the NASCO Mexico Committee to formally unify and empower the growing number of NASCO supporters in Mexico.

The NASCO Mexico Committee serves to harness the full power of networking of NASCO across Mexico to extend the reach of best practices and leading-edge thinking in transportation infrastructure and logistics, within Mexico, to and for the benefit of all North America. The Committee's vision is to lead initiatives to achieve a world-class, coordinated logistics system in México. The objective is to bring about efficient trade and freight movement knowledge advances to lower the cost of goods and services.

#### *NASCO Mexico Committee initiatives and successes include:*

- Memorandum of Understanding between the NASCO Mexico Committee and the Transportation Committee of the Mexican House of Representatives.
- Jointly sponsored the 1st International Transportation and Logistics Forum with the Mexican House Transportation Committee in Pachuca, Hidalgo, Mexico.
- Membership on the Inter-Institutional Council in Mexico that advises the Mexican Secretary of Communications & Transportation (SCT) on its strategic National Study on Multimodal Corridors.
- Membership on the advisory council of the Mexican Secretaría de Economía's trade department to provide counsel and input on that department's National Logistics Study.
